

# NITHISH BHARATHWAJ N

 03 March 2008    nithishbharathwajn@gmail.com    9363958388    Nithish Bharathwaj N    Nithish-Bharathwaj-N

## Education

**Bachelor of Engineering**, *Chennai Institute of Technology* 09/2025 – Present  
Computer science and Engineering (Cyber Security)

## Skills

### Programming Languages

- Python
- C++
- C
- SQL
- JavaScript
- Java

### Development Frameworks

- React.js
- Node.js
- Express.js
- HTML
- CSS
- Tailwind CSS

### Development Tools

- Git
- GitHub
- CI/CD

### Cybersecurity

- Networking
- Capture The Flag (CTF)
- Linux

## Projects

**Voyage AI – AI-Powered Intelligent Travel Planning Platform** 07/2026 – Present

- Developed **Voyage AI**, an AI-powered travel planning platform using **React.js, Node.js, Express.js, Tailwind CSS, and REST APIs** to generate personalized itineraries and simplify end-to-end trip planning.
- Implemented **AI-driven itinerary generation, destination recommendations, budget optimization, real-time travel information, and interactive trip management** to deliver customized travel experiences.
- Built a **responsive full-stack application** with **secure user authentication**, personalized trip dashboards, and itinerary management, enabling users to efficiently plan, organize, and manage their journeys.

**Queue Cure – AI-Powered Smart Healthcare Queue Management System** 06/2026 – 07/2026

- Developed **Queue Cure**, an AI-powered healthcare queue management platform using **React.js, Node.js, Express.js, Socket.IO, MySQL, Tailwind CSS, and QR technology** to digitize hospital and clinic waiting queues.
- Implemented **real-time queue synchronization, AI-based wait-time estimation, QR-based patient check-in, live token tracking, and instant notifications** to reduce patient waiting time and improve operational efficiency.
- Built **role-based dashboards** with **secure authentication** for patients, doctors, receptionists, and administrators, featuring queue analytics, appointment management, and live monitoring for seamless healthcare workflow management.

## Certificates

- Python Essentials-Cisco
- Operating systems-Cisco

## Achievements

- **Finalist in 5+ National-Level Hackathons**, recognized for developing innovative AI-powered and full-stack software solutions.
- Solved **500+ LeetCode** problems with a **contest rating of 1771** and maintained a **118-day coding streak**.
- **Qualified for the International Abacus Competition** by clearing the **State-Level Selection Round**.
- **District-Level Throwball Player** and **Zonal-Level Carrom Player**, demonstrating teamwork, leadership, and competitive excellence.
- Participated in multiple **district and state-level athletics and cricket tournaments**, including the **Chief Minister's Trophy (CM Trophy)**.
